

A BID · SEEN · HELD SIXTY DAYS

William Chrisman.

A 2026 low-voltage renovation, in brief.

Green Communications Contracting, a Missouri firm established in 2020, submits this bid for the low-voltage package at William Chrisman High School in Independence. The work covers structured cabling, fiber, IP video rough-in, and access-control infrastructure across two academic wings and the competition gym, on a ten-week summer calendar.

THE FIGURE

Six itemized lines. Pricing firm sixty days.

\$191,880.00

Managed services, offered separately — \$985.00 / mo.
