

Structured cabling, fiber and network services

O'Fallon, Missouri · St. Louis and Kansas City metros

DIVISION 27 · DIVISION 28

Licensed and insured
Prevailing wage · certified payroll
E-Verify enrolled

We pull, terminate, test and label — then hand over documentation you can use.

Always available — no extra charge for after-hours or weekend work.

WHAT WE DO

Structured cabling

Cat5e, Cat6 and Cat6A — plenum or riser

Fiber

Backbones, pulls and terminations

Telecom rooms

MDF and IDF racks, dressed and labeled

Test and certify

Fluke DSX-8000 with LinkWare reports

Wireless

Access point cabling, mounting, Wi-Fi design

Cameras

IP camera systems and recorders

Access control

Readers, strikes and controllers

Networks

Setup, management and repair

HOW WE WORK

Sub to general contractors on Division 27/28 packages, or direct to the owner.

One-time projects, or term and on-call.

Nights and weekends at no extra charge.

WHERE WE WORK

Based in O'Fallon, Missouri — working the St. Louis and Kansas City metros, and traveling across the region for the right job.

MO · KS · IL · IA · NE · OK · AR · TN · KY

WHERE YOU'LL FIND OUR WORK

Schools

and campuses
